### **SKILLS**

Photoshop, Adobe XD, Illustrator, Invision App, HTML, CSS, Javascript + jQuery, Bootstrap

### **EXPERIENCE**

#### **504 Sports**

- With a team of two others we created a local sports website that had team schedules, games, and scores.
- This project was to help users get recent updates of their high school team.
- This website contains HTML5, CSS3, BOOTSTRAP4, and JQUERY

#### **Meal Up**

- This project was created to help users get fit, finding healthy meal preps that are right for users.
- A database was used for this website to be able to pull names, cook/prep times, and ingredients of any meal inputted by the users.
- This project contains multiple languages and a framework PHP, CSS, Laravel, Framework, JS.
